Plug and Play Garden Light Configurator

The **LED Hood Long** range of fittings are a stylish way to accentuate areas of your garden. The head of the spike light can be angled to suit your requirements. This complete kit features six 1W LED spike lights.

This plug and play garden lighting kit is engineered for safe, effortless DIY installation with absolutely no complex hardwiring required. This low-voltage system uses simple, prefabricated watertight connectors that easily click together by hand and plug straight into a standard outdoor socket, allowing you to set up all six lights in minutes.

Seamlessly integrated into this system is a premium WiseBox remote control kit that gives you instant command over your illumination. Once programmed, you can position the wireless switch indoors allowing you to effortlessly switch your spike lights on from anywhere inside your home or without ever having to step outside in the dark.

Kit Includes

- 6 x 1W LED Hood Spike Lights
- 1 x 20W Led Hood Driver 12V
- 1 x 10M 6 Point Led Hood Cable 12V
- 1 x Wise Box 1 Channel
- 1 x White Keypad
- 2m x Cable + 4m Conduit + 1 x Plug

The only drivers compatible with these products are the **LEDHOOD TF12/20,** and the **LEDHOOD TF12/60,** and the **LEDHOOD TF12/80**
