SUPER FOCUS

*The Dimmable LED Lamps, with **Unbeatable Brightness & Colour Rendering.***

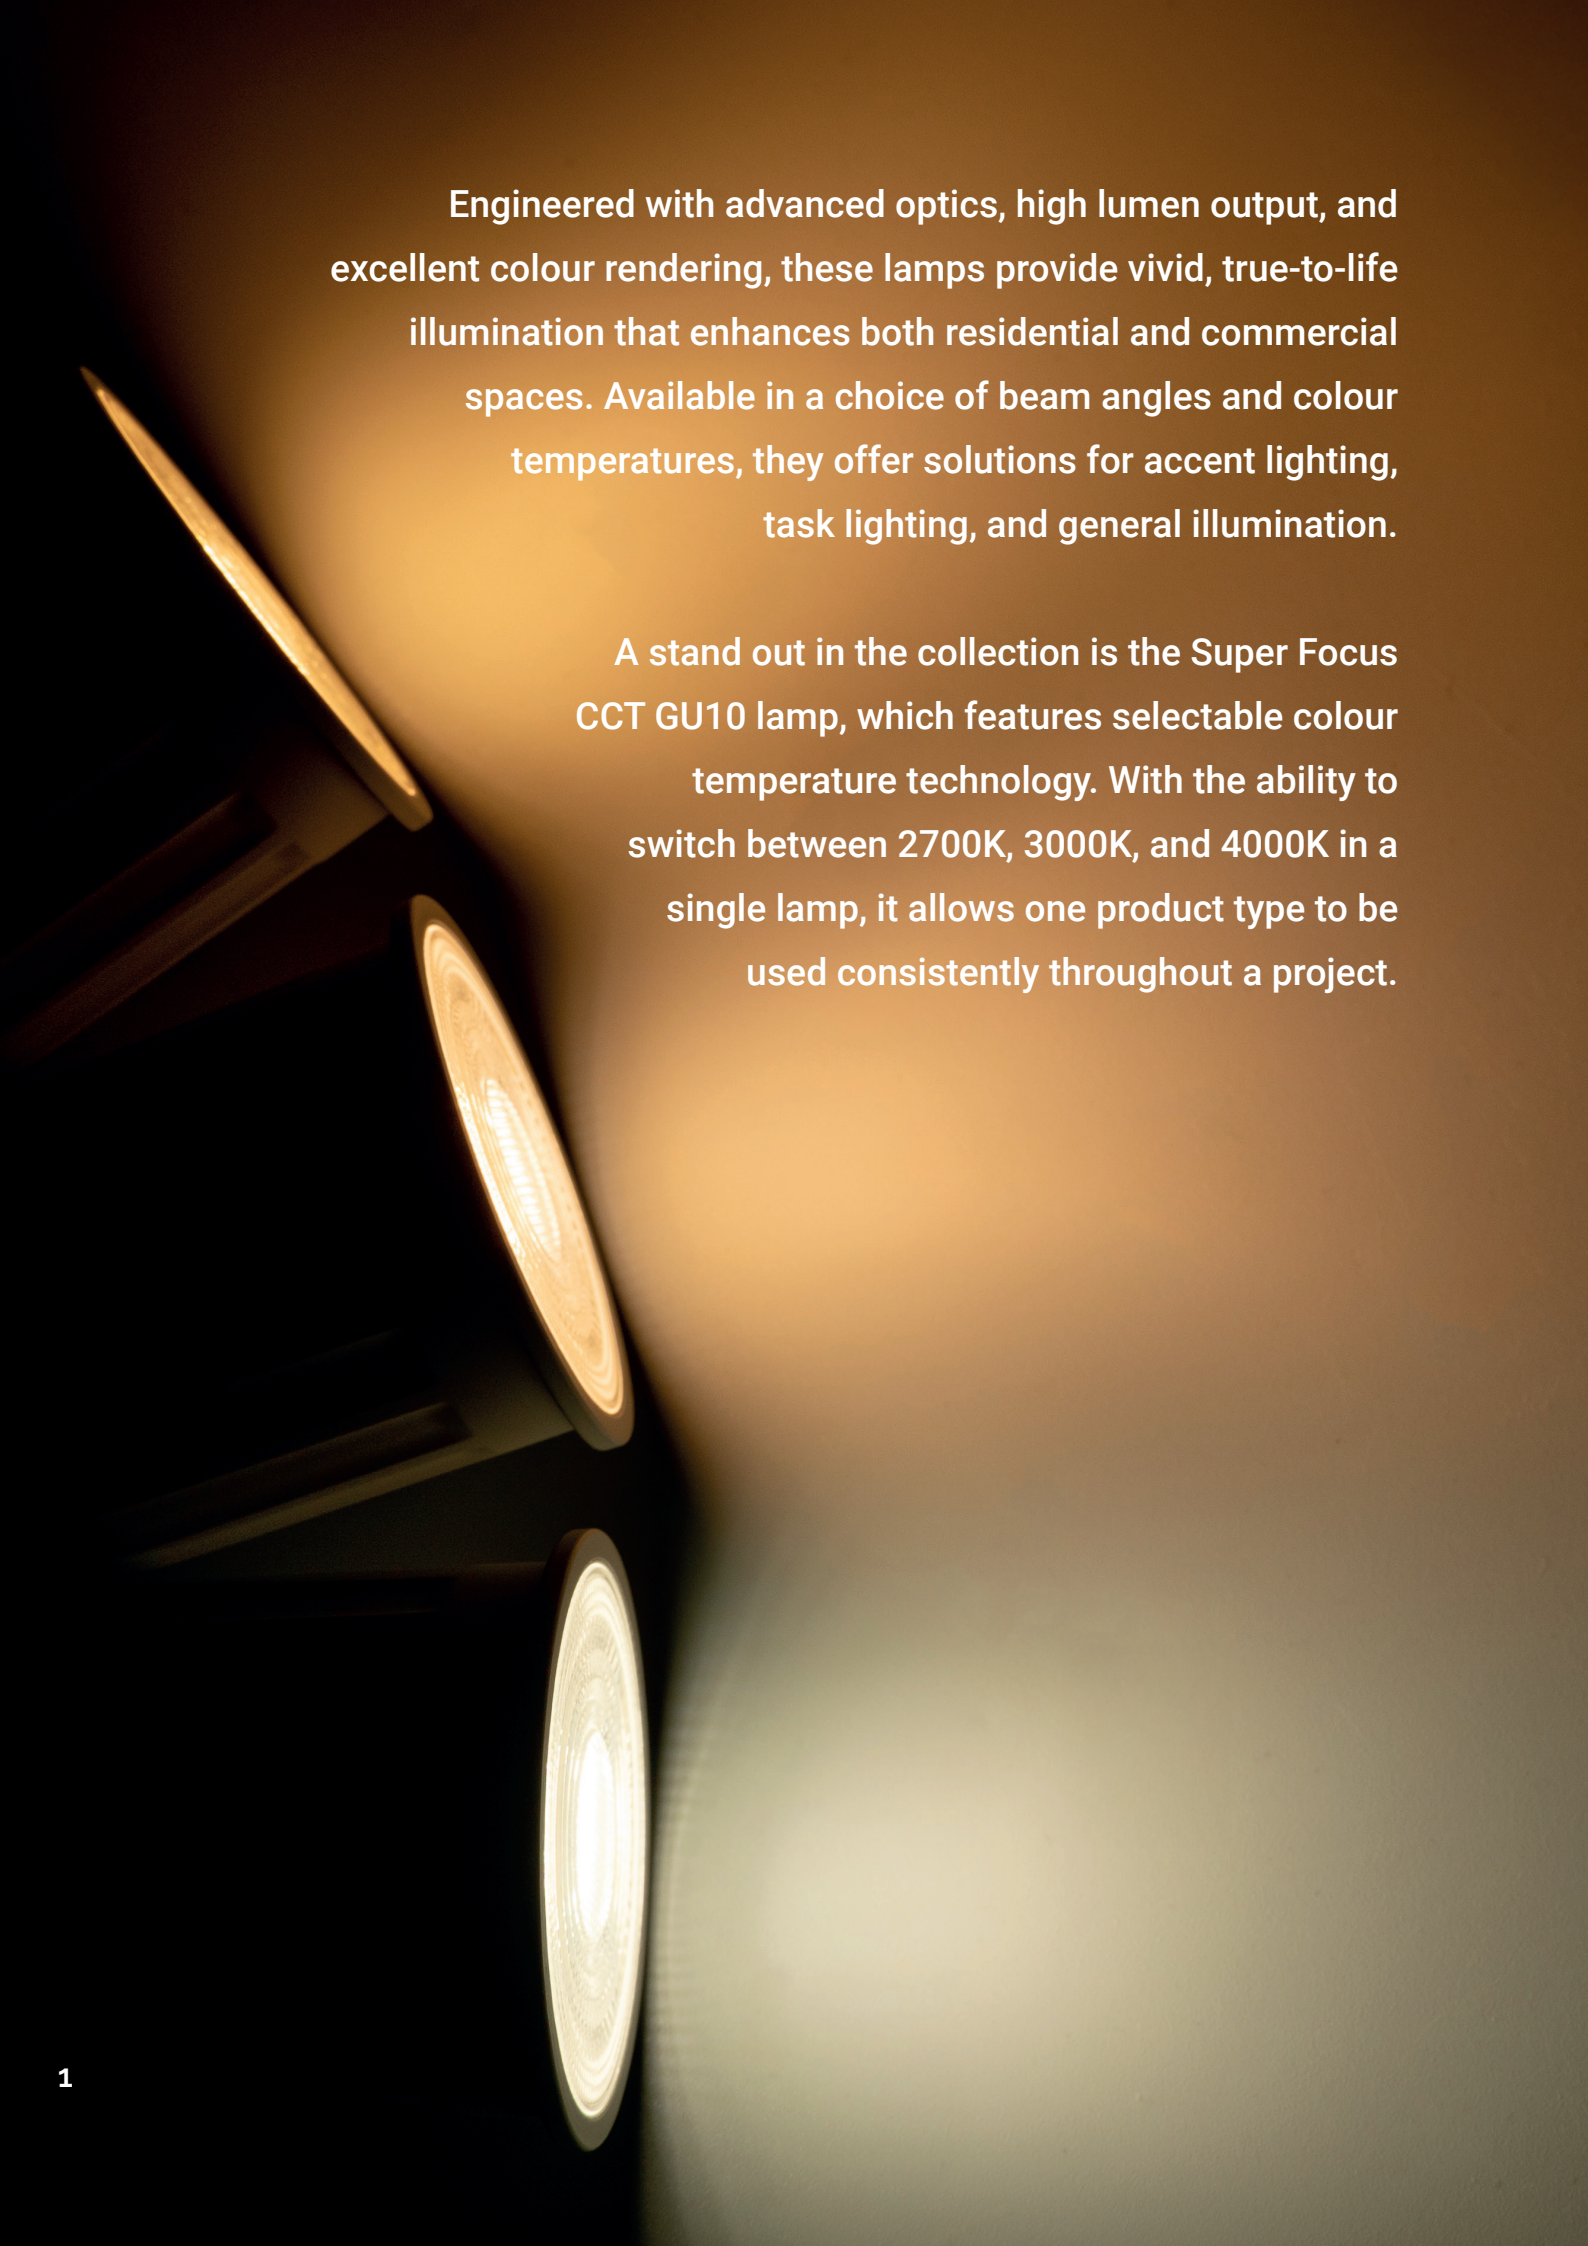

Smooth Dimming

Up to **1200lm**

CRI>92 Real Colour

Selectable CCT

Multiple beam angles

Engineered with advanced optics, high lumen output, and excellent colour rendering, these lamps provide vivid, true-to-life illumination that enhances both residential and commercial spaces. Available in a choice of beam angles and colour temperatures, they offer solutions for accent lighting, task lighting, and general illumination.

A stand out in the collection is the Super Focus CCT GU10 lamp, which features selectable colour temperature technology. With the ability to switch between 2700K, 3000K, and 4000K in a single lamp, it allows one product type to be used consistently throughout a project.

SUPER FOCUS

LED GU10 CCT - 1200lm

- **Exceptional brightness –** up to 1200 lumens output from just 10W for powerful, efficient lighting
- **Fully dimmable –** smooth brightness control with compatible dimmer switches
- **Selectable Colour Temperature (CCT)** – choose between Extra Warm White (2700K), Warm White (3000K), and Cool White (4000K)
- **Focused beam angle** – 38° for precision accent and task lighting
- **High Colour Rendering Index (CRI 92)** – delivers vivid, true-to-life colours
- **Energy-efficient design** – ideal for residential and commercial use
- **Compatible with a wide range of dimmers** – including Varilight V-Pro, Danlers and LED United. See online to view our full test report

SUPER FOCUS

LED GU10 - 1000lm

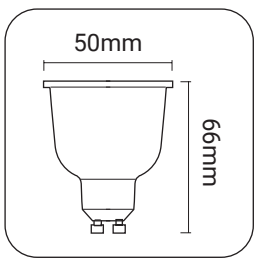

- **Exceptional brightness –** 1000 lumens output from just 10W for powerful, efficient lighting
- **Fully dimmable –** smooth brightness control with compatible dimmer switches
- **Choice of beam angles** – 15°, 24°, and 38° for flexible lighting options
- **High Colour Rendering Index (CRI 92)** – delivers vivid, true-to-life colours
- **Energy-efficient design** – ideal for residential and commercial use
- **Compatible with a wide range of dimmers** – including Varilight V-Pro, Danlers and LED United. See online to view our full test report

SUPER FOCUS

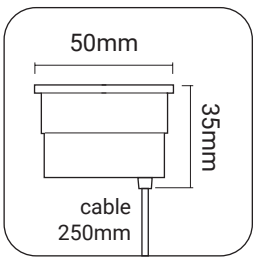

LOW PROFILE LED MODULE - 600lm

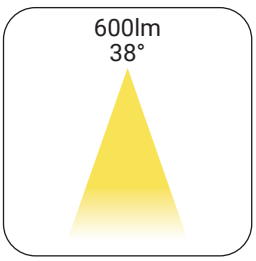

- **Powerful light output –** delivers 600 lumens for bright, reliable illumination
- **Fully dimmable –** smooth brightness control with compatible dimmer switches
- **Low-profile design** – perfect for downlights with minimal ceiling depth
- **Available in two colour temperatures** – Warm White (3000K) and Extra Warm White (2700K)
- **High Colour Rendering Index (CRI 92)** – delivers vivid, true-to-life colours
- **Energy-efficient design** – ideal for residential and commercial use
- **Driver built in** – 240V mains powered
- **Cable built in** – 250mm cable provided
- **Compatible with a wide range of dimmers** – including Varilight V-Pro, Danlers and LED United. See online to view our full test report

ledunited

SUPER FOCUS

LED GU11 - 400lm

- **Powerful light output –** delivers 400 lumens for bright, reliable illumination
- **Precision beam – 15° or** 38° beam angle ideal for focused lighting applications
- **High Colour Rendering Index (CRI 92+)** – ensures vivid, natural, and accurate colours
- **Fully dimmable** – smooth brightness control with compatible dimmer switches
- **Available in multiple colour temperatures** – adaptable to different settings and moods
- **Compatible with a wide range of dimmers** – including Varilight V-Pro, Danlers and LED United. See online to view our full test report
