Adjustable Pinhole Square 12V

50W Nickel

DLPASQ3005 NKL

50W Nickel

Quicklink: Q279A

General

Cap	GU5.3 / MR16
Colour	Nickel
Construction	Pressed Steel
Dimmable	Yes
IP Rating	IP20

Dimensions

Cut Out	72mm (Diameter)
Length	90mm
Minimum Ceiling Depth	105mm
Vertical Rotation	25°
Width	90mm

Electrical

Maximum Wattage	50W
Voltage	12V

The **Adjustable Pinhole Square** is an adjustable downlight with a very small aperture creating a dramatic vertical beam lighting effect ideally suited for lighting objects directly underneath it.

A narrow beam lamp is recommended.

The Invisible range has been **designed to be overpainted in Situ** in the ceiling if necessary. The fitting is painted RAL9010 - 30% Gloss level which has a slightly matt surface, to which the emulsion or other paints will adhere to. The finish from the factory is good enough for normal use and will blend in with the most common ceiling finishes. The slightly matt finish on the product will allow it to be carefully repainted to suit any other ceiling colours.
