

KATZEYE1 CENTRE

4000K Cool White 3W
Quicklink: Q2846

General

Colour White
Construction Aluminium

Battery 3 hrs
Emergency Type Maintained

Dimensions

Cut Out 200 x 94mm (Length
x Width)
Depth 80mm
Length 110mm
Minimum Wall 75mm
Depth
Width 200mm

Electrical

Amperage 350mA
Maximum Wattage 3W

Light Characteristics

Colour Temperature 4000K Cool White

The **Katz Eye Emergency** low level light is maintained meaning that it operates as a normal light. A non-maintained Katz Eye is also available on request.

A 1mm green healthy battery indicator is lit at all times. In the event of a power cut the supplied battery pack becomes active and powers the 3 Watt LED for up to 3 hours.

This product is supplied with a metal back box. A dry lining back box and surface mounted backbox are also available seperately.

Emergency lights are traditionally fitted in corridors and near fire exits to allow safe evacuation of buildings in the event of a power outage.
