Wireless Intense Switches Wise Switch 3 Channel

Polished Brass 3V

WISE INT3 POL.B

Polished Brass 3V Quicklink: Q28C8

General

Colour	Polished Brass
Construction	Steel / Plastic
IP Rating	IP20

Operating	-10°C ~ +55°C
Temperature	
Radio Frequency	868.3 MHz

Dimensions

Depth Height Width 9mm 86mm 86mm

Electrical

Replacement BatteryCR2430 Voltage 3V

Wireless switches can be used to control any of the receivers in the Wise Controls range. The function of the switch, and each of its buttons, depends upon the function of the wireless receiver it is programmed to. Therefore a single button can be used for a variety of functions including, but not restricted to, on/off, on/off and dimming, or master off only.

Wise intense switches are surface mounted so can be positioned almost anywhere. They are battery powered and a CR2430 battery is included with each unit. The CR2430 Battery has a life span of 4-5 years.
