

Wireless Intense Switches

Wise Switch 7 Channel
Polished Nickel 3V

MR. RESISTOR[®]
Lighting Specialist Est. 1968

WISE INT7 POL.N

Polished Nickel 3V
Quicklink: Q2907

General

Colour Polished Nickel
Construction Steel / Plastic
IP Rating IP20

Operating Temperature -10°C ~ +55°C
Radio Frequency 868.3 MHz

Dimensions

Depth 9mm
Height 86mm
Width 86mm

Electrical

Replacement Battery CR2430
Voltage 3V

Wireless switches can be used to control any of the receivers in the Wise Controls range. The function of the switch, and each of its buttons, depends upon the function of the wireless receiver it is programmed to. Therefore a single button can be used for a variety of functions including, but not restricted to, on/off, on/off and dimming, or master off only.

Wise intense switches are surface mounted so can be positioned almost anywhere. They are battery powered and a CR2430 battery is included with each unit. The CR2430 Battery has a life span of 4-5 years.
