

Betec Clarus

Clarus LED Picture Light 760mm 3000K Warm White 24V
6.5W Polished Nickel

BE01NO07MT11 NKL

6.5W Polished Nickel
Quicklink: Q299E

General

Colour	Polished Nickel
Construction	Brass
Dimmable	Yes
IP Rating	IP20

Dimmable No

Dimensions

Head Diameter	15mm
Height	200mm
Length	760mm

Electrical

Energy Efficiency Rating	A
Maximum Wattage	6.5W
Voltage	24V DC

Light Characteristics

Colour Rendering Index	94
Colour Temperature	3000K Warm White
Lumens	377 lm
Lumens Per Watt	58 lm/W

The **Clarus LED Picture light** is a lightweight, hand-crafted picture light that is manufactured using traditional metalworking craft. The brass construction allows for numerous finishes to be applied to the picture light, all finishes are hand applied and cured 180°C.

The LED lights have a high constant luminous efficiency with low power consumption and a long lifespan which makes it ideal for modern picture lighting.

A 24V 12W switching driver is included with this picture light. This driver is not dimmable. Driver dimensions: 94mm x 36mm x 18mm.

Dimmable drivers are available if dimming is required for the picture light, see linked item for compatible drivers. (Please note driver dimensions are different for dimmable option).
