Maximum Wattage	1000W
Minimum Wattage	25W
Voltage	240V

The Rania RF Switch + Sensor offers impressive lighting control functionality and convenience that will fit almost any commercial or residential application.

The Radio Powr Savr kit features a battery powered wireless sensor and a regular wired single pole switch. This give the user the option of installing a sensor without running any wires and a wired override switch that doesn't require any additional programming.

The Sensor measures 100mm (Diameter) x 32mm (Depth).
