Minimum Ceiling	80mm
Depth	
Vertical Rotation	35°

Electrical

Maximum Wattage	50W
Voltage	12V

The Rock 'n' Roll 50 is a fully adjustable 50mm downlight. The inner ring can tilt to a maximum of 35° for precise beam placement.

The outer ring of this product is permanently attached to the ceiling and the two inner rings are one piece. These two inner rings are easily pulled out to reveal the lampholder. This simply pushes back in place afterwards. No clips or tools are needed, simplifying the lamp replacement process without compromising the design.
