Dimensions

Burial Tube Cut Out	60mm
Depth	35mm
Length	70mm
Plate Depth	2mm
Tube Length	73mm
Width	70mm

Electrical

Amperage	350mA
Maximum Wattage	18W (6 x 3W)

The **Pierrot RGB Slave Kit** is to be used in conjunction with the Pierrot RGB Master Kits and allows you to go beyond the 6 fitting limit. The slave kit is connected to the master kit by a data cable which allows both sets of kits to synchronise their actions.

A Chameleon Master 350mA 21W pack can operate a maximum of six 3W Pierrot's. If more 3W Pierrot's are required a Chameleon Slave pack can be added which can also control a maximum of six 3W Pierrot's. An unlimited number of 21W Chameleon Slave 350mA 21W packs can be used with a Chameleon Master 350mA 21W pack.
