### Light Characteristics

Colour Temperature 3000K Warm White

The **Tosca** is a bedside LED light with flexible arm and head for easy manipulation to your desired position. It also incorporates a bright 1 watt LED light source that is ideal for focusing the light for reading books and magazines. When not required, the fitting simply folds up flush against the wall.

This fitting is constructed from zinc and finished in matt nickel. A LED driver is enclosed in the base of the fitting, simply wire to mains. This fitting is not dimming compatible and has an on/off switch on its base for easy control.
