CFL SPIRAL DIMM

ES / E27 20W (=75W)

Quicklink: Q3184

General

Cap	ES / E27
Construction	Glass
Dimmable	Yes

Dimmable Yes

Dimensions

Diameter	56mm
Length	130mm

Electrical

Energy Efficiency Rating	A
Maximum Wattage	20W
Voltage	240V

Light Characteristics

Colour Temperature	2700K Warm White
Halogen Equivalent Wattage	75W
Lumens	1152 lm
Lumens Per Watt	58 lm/W

This **Dimmable Compact Fluorescent** lamp is the first fully dimmable energy efficient lamp that can be dimmed with Danlers, Eaton, Hamilton and other mainstream dimmer manufacturers. Directly replaces your existing incandescent lamp. Start saving on your energy bills without compromising the dimming control of your lighting!

This lamp can be dimmed using a standard dimmer switch from 15% to 100% brightness and is predicted to save the purchaser more than £100 on energy bills, during its 10,000 hour lifetime, compared with an equivalent 75W GLS lamp. Combining the energy-saving properties of a compact fluorescent lamp with the capacity to dim results in superb energy efficiency calculated to reduce carbon emissions by more than half a tonne with every GLS lamp replaced.
