LED Wallwasher 600 24V
12W 3000K Warm White

LEDLINA 600 WARM

12W 3000K Warm White
Quicklink: Q32BA

General

Colour Aluminium
Construction Aluminium
Dimmable Yes

Dimmable Yes
Fitting IP Rating IP65
Number of LED's 12
Operating Temperature -20°C ~ +60°C

Dimensions

Cable Length 355mm
Depth 80mm
Length 600mm
Width 52mm

Electrical

Maximum Wattage 12W

Light Characteristics

Colour Temperature 3000K Warm White
Lumens 1080 lm
Lumens Per Watt 90 lm/W

The **LED Wallwasher 600** is a super bright LED wallwasher capable of lighting large outdoor structures. Being IP65 rated the fitting is completely water and weather proof.

LED Driver Options

- LED Driver (Switching) - Use this driver for on/off control. Cannot be used for dimming.
- LED Driver (Dimming) - For use with nearly all domestic dimmers. Most resistive dimmers have a minimum load of 60W, therefore ensure that if this not met, a dummy load is added to the circuit, such as a mains voltage halogen lamp or our reload product.
- LED Driver (1-10V) - For use with 1-10V dimmer modules or 1-10V control systems. This type of dimming does not have a minimum load.
- Wise Scene (Dimming + Wireless) - This controller can be used for both switching and dimming. Additionally, this unit can communicate via radio and external push buttons, allowing you to wirelessly control your fitting. Note that an additional 24V LED driver is required to power the Wise Scene pack.
