Twinkle Light 240V (With Controller) has 192 lamps on waterproof green rubber cable and is suitable for indoor or outdoor use. Also includes 8 function controller.

The rubber cable is absolutely waterproof and safe for all outdoor applications. It creates a tranquil feeling under a sky of midnight stars. It is ideal for decorating trees, windows, ceilings, display cases or to create imaginable starlike scenes.

The shimmering spontaneity is controlled by a discrete controller to regulate the flashing speed and motions, creating an instantaneous, glittering rhythm.

To enhance your display use the optional **Twinkle Light Tops** which are available in red, green and white.
