

LEDTUBE CLIPS

Silver

Quicklink: Q345E

General

Construction	Aluminium
Dimmable	Yes

Dimensions

Height	17mm
Length	50mm
Width	10mm

The **LED Tube Mounting Clips** are used to hold the LED Tube onto a surface. The inside of the clips have diagonal teeth to grip onto the LED Tube, allowing it to be mounted onto ceilings as well as walls.

Mr Resistor recommends at least 2 clips per meter when mounting onto walls, and at least 3 clips per meter if mounting onto ceilings.
