The **Tizio desk lamp** is a timeless design classic, first released in 1972. Its unique counterweight and arm system ensure that the lamp head remains parallel to the table at all times, providing a consistent and reliable source of light.

This elegant design not only looks great but is highly functional, making it an ideal lighting solution for any workspace. Whether you are working on a detailed project or simply need a focused light source for reading, the Tizio desk lamp is the perfect choice.

The Tizio desk lamp has stood the test of time and remains a sought-after piece of design to this day. Its sleek and unique design, combined with its high-quality components, make it a durable and reliable choice for anyone in need of a task lamp. Overall, the Tizio desk lamp is a prime example of how good design can not only look great but also be highly functional and practical. Its timeless appeal and continued popularity are a testament to the masterful design of Richard Sapper.
