The **Sydney** is a Oil Rubbed Bronze Ceiling Fan with reversible blades (Mahogany or Wengue Brown) that is perfect for use in the home, office or as a shop fitting. Includes reversible switch for summer and winter operation.

The ceiling fan body and blades have a Mahogany finish. Simply hard wire to a *Ceiling Fan Wall Control Switch* or alternatively purchase a *Radio Frequency Remote Control* for wireless operation. Both methods have four fan speed and on/off settings. A switch is located on the base of the fan to reverse the spin of the blades, cooling rooms in the Summer and trapping heat in the Winter.

Down Rods should be purchased if this product is to be located in a conservatory or high ceiling room.

Please see the technical tab for information on selecting the correct fan size, down rods and installation advice. All fan motors carry a ten year guarantee.
