The **Elegant Fixed Bathroom LED** is an IP54 rated recessed fixed downlighter with a **7W Reality LED and Dimmable Driver**. The downlighter uses a spring retention system for easy installation and lamp changing.

Using an LED Reality MR16 allows more ceiling depth ideal for new builds or where ceiling depth is limited.

The **MR16 Reality LED 7W & Driver** is an LED lamp that allows your halogen light fitting to have the low energy and long life benefits of an LED fitting; it simply retrofits into existing halogen fixtures. Included with the lamp is a 7W dimmable LED driver.

The MR16 Reality LED 7W Lamp is equivalent to a 75W GU10 halogen lamp and, like a halogen lamp, is dimmable.
