The **Parma 200 Classic Plaster Wall Light** is a lighting fixture characterized by its simple and understated design. The fitting is designed with a linear and contemporary aesthetic that gives it a modern look. It is a versatile lighting option that can blend in seamlessly with the overall décor of any room. One of the key features of this fixture is that it is dimmable, which allows you to adjust the level of lighting to suit your needs. This feature also provides flexibility in creating the desired atmosphere in a room, in addition the fitting directs the light upwards towards the ceiling, creating a soft and indirect lighting effect.

The Parma 200 Uplight has no fussy detail, it has a clean and minimalist appearance. This feature makes the fitting particularly suitable for modern and contemporary interiors. Its simplicity and minimalism allows the fitting to be easily incorporated into any design scheme without drawing too much attention to itself.

The Parma 200 Classic Plaster is designed to be painted over to match the overall colour scheme of the room. This is particularly useful for those who are looking for a lighting fixture that can blend seamlessly with the surrounding décor. The ability to paint the fitting also provides the opportunity to customize its appearance to suit individual tastes and preferences.
