The **Contract 35 LED** is a fixed 35mm MR11 downlight with a **Reality MR11 LED 3.5W** and **dimnable driver**. The contract range of downlights do not have a visible lamp retainer.

The **Reality MR11 LED 3.5W** is an LED lamp that matches a halogen lamp in terms of light source and aesthetics. This is achieved with the use of a single Cree LED chip with a reflector built around it. The result is truley warm and gives that arc of light we are all used to seeing with halogen.

Included with the lamp is a 3.5W dimmable LED driver.

The MR11 Reality Lamp is equivalent to a 35W GU10 halogen lamp and, like a halogen lamp, is dimmable.
