4000K Cool White  
Quicklink: Q39DC

The **LED Connect** is an LED Strip primarily used for lighting up pelmets, coves, shelving, and any area which doesn't have a large amount of space. The strips can be connected together with or without the use of couplers allowing a consistent ray of light to wash onto any surface. The fitting is 240V and can be plugged straight into your mains and is switching only.
