

Switching LED Drivers

LED Driver No Fan (Constant Voltage)

200W 24V Parallel

A **200W Switching LED Driver** with no fan for quite LED switching. The LEDs must be wired in parallel when using this driver.

This driver is not dimmable. It can only be switched. It is strongly recommended that a safety cover or an enclosure is purchased in conjunction with this product, as the live terminals are exposed, causing a possible safety hazard.

This LED Driver has an input voltage of 100-240V.

HRPG20024 NO FAN

200W 24V Parallel
