| Voltage | 240V |

The **Limina** up-light gives a fixed upward beam of light ideal for producing simple but effective mood or feature lighting. It is free-standing, and plugs into a mains supply, so can be easily moved around.

A clear plug and inline switch is supplied with this product. A GU10 50W Lamp is also included with the fitting.

If individual dimming is required an in-line dimmer must be purchased. Please refer to the dimmers minimum and maximum loads so that a lamp with corresponding wattage is used.
