General

Cap	GU10
Colour	Black
Construction	Die-Cast Aluminium / Steel Frame
Dimmable	Yes
IP Rating	IP00

Dimmable Yes

Dimensions

Cut Out	92 x 92mm (Length x Width)
Length	75mm
Minimum Ceiling Depth	105mm
Recessed Depth	20mm
Vertical Rotation	40°
Width	75mm

Electrical

Energy Efficiency Rating	A
Maximum Wattage	5W
Power Factor	0.95
Voltage	240V

Light Characteristics

Beam Angle	60°
Colour Rendering Index	80

The **Trimless Downlight** is a fully adjustable downlight that is available in round or square, black or white. Using the different lampholders available you can select different light sources; Halogen, LED and Metal Halide. It is designed to be plastered into ceilings to give a **seamless** appearance. One of the advantages is that the downlight can be installed then plastered and painted.

The **Reality GU10 LED 6W Retro** is an LED lamp that matches a halogen lamp in terms of light source and aesthetics. This is achieved with the use of a single Cree LED chip with a reflector built around it. The result is truly warm and gives that arc of light we are all used to seeing with halogen.

The GU10 Reality Lamp is equivalent to a 50W GU10 halogen lamp and, like a halogen lamp, is dimmable.

Key Features

- Replicates halogen reflector
- LED positioned further back for anti glare
- Complies with October 2010 Part L regulations
- Fully dimmable with leading edge dimmers
- Equivalent to 50W GU10
- Fits GU10 lampholder
- Emergency option available
