The **LED Spike Floodlight RGB** is ideal for lighting driveways, gardens and buildings. The LED floodlight is colour change and easily controlled with the remote included. The Flood can be set to different colours or cycles with effects, including; strobe, flash, fade or smooth. The flood also has a memory. Its robust aluminium casing and IP65 rating make this fitting weather proof and durable. This fitting is only dimmable when using the remote provided.

IR Sensor remote included with this product.

Please note: The RGB Flood range are controlled by a IR Remote with a approximate 2M range, the IR sensor is located at the front of the fixture and must have a clear line of sight to the remote to be operated.
