The eye-catching Caravaggio pendants were launched in 2005 and instantaneously gained a status as a design icon. With Caravaggio, designer Cecilie Manz combines a recognisable shape with a modern expression. The simple, timeless pendant consists of a metal shade with soft, feminine lines held by a chrome-plated metal suspension. The textile cable is particularly well integrated into the design and gives the lamp its finishing touch. The Caravaggio lamp casts a concentrated downward light whilst also illuminating both the suspension and the cable through a hole at the top of the lamp. The depth of the shade prevents glare.
