| Colour Temperature | 2700K Warm White |
| Halogen Equivalent Wattage | 75W |
| Lumens | 750 lm |
| Lumens Per Watt | 94 lm/W |

The Dimmable Reality AR70 LED 8W Lamp and driver is an LED lamp that matches a halogen lamp in terms of light source and aesthetics. This is achieved with the use of a single Cree LED chip with a reflector built around it to prevent glare from the light source. The result is truly warm and gives that arc of light we are all used to seeing with halogen.

The AR70 Reality Lamp is equivalent to a 75W AR70 halogen lamp and, like a halogen lamp, is dimmable.

Key Features

- Replicates halogen reflector
- LED positioned further back for anti glare
- Complies with October 2010 Part L regulations
- Fully dimmable with leading edge dimmers
- Equivalent to 75W AR70
- Fits SBC / B15 lampholder
- Emergency option available

Please Note: This LED lamp comes with a one year warranty as standard.
