--------------	-----

The Playbulb 3 pack flameless candle is a smart candle controlled from your iOS or Android smartphone app. With Playbulb candles, you can choose from a spectrum of colours or set the candle to change colour gradually or flash between colours. Get an authentic candle effect by setting the Playbulb candle to flicker and smell just like the real thing with the included scent diffuser chip.

Additional Features:

- Configure each candle individually or group multiple Playbulbs.
- Use as a nightlight.
- Long operating time, works for up to two months for 4 hours a day.
- Powered by 3xAAA Batteries available separately.
- Turn the Playbulb upside down to place your tea light candles inside.
- Turn on and off by blowing on the candle.

Technical

- Bluetooth Version: Bluetooth 4.0 (Bluetooth SMART).
- Supported Devices: iPhone 4S or above (running iOS7 or above) and Android 4.3 or above (with Bluetooth 4.0).
