

Invisible Round

Invisible Adjustable Pinhole Round Downlight Reality LED Kit 4W (=35W)
3000K Warm White 35°

TALDLPA3501REALGU11WW

3000K Warm White 35°
Quicklink: Q3F90

General

Cap	GU11
Colour	White
Construction	Die-Cast Aluminium
Dimmable	Yes
IP Rating	IP00

Dimmable	Yes
----------	-----

Dimensions

Cut Out	51mm (Diameter)
Diameter	70mm
Minimum Ceiling Depth	78mm
Vertical Rotation	40°

Electrical

Energy Efficiency Rating	A
Maximum Wattage	4W
Power Factor	0.95
Voltage	240V

Light Characteristics

Beam Angle	35°
Colour Rendering Index	80
Colour Temperature	3000K Warm White
Halogen Equivalent Wattage	35W
Lumens	280 lm

The **Invisible Adjustable Pinhole Round Downlight LED Kit** combines the Invisible adjustable pinhole downlight with the Reality GU11 LED 4W lamp.

The **Invisible Adjustable Pinhole Round** is an adjustable downlight specially designed to accompany the GU11 Reality 4W LED. It has an unobtrusive one millimetre plate that sits practically flush to the ceiling when fitted and contains a baffle that recesses the lamp to reduce glare.

The baffle is also hinged to allow the light source to be directed through a 40 degree arc from the vertical. The Fixed Pinhole is a fixed downlight with a very small aperture creating a dramatic vertical beam lighting effect ideally suited for lighting objects directly underneath it.

The Reality GU11 LED 4W Retro is an LED lamp that matches a halogen lamp in terms of light source and aesthetics. This is achieved with the use of a single Cree LED chip.

The GU11 Reality Lamp is equivalent to a 35W GU11 halogen lamp and, like a halogen lamp, is dimmable.

The GU11 Reality Lamp has a 35mm diameter equivalent to a MR11 Lamp, with a GU10 cap to fit into a GU10 Lampholder.

Key Features

- Fully dimmable with leading edge dimmers
- Equivalent to 35W GU11

The Invisible range has been **designed to be overpainted in Situ** in the ceiling if necessary. The fitting is painted RAL9010 - 30% Gloss level which has a slightly matt surface, to which the emulsion or other paints will adhere to. The finish from the factory is good enough for normal use and will blend in with the most common ceiling finishes. The slightly matt finish on the product will allow it to be carefully repainted to suit any other ceiling colours.
