Quicklink: Q3F96

General

Cap	SBC / AR70
Colour	Black
Construction	Steel
Dimmable	Yes

Dimensions

Cut Out	210 x 100mm (Length x Width)
Horizontal Rotation	45°
Vertical Rotation	45°

Electrical

Energy Efficiency Rating	A
Maximum Wattage	16W (2 x 8W)
Voltage	240V

Light Characteristics

Beam Angle	19°
Colour Rendering Index	80
Colour Temperature	2700K Warm White
Halogen Equivalent Wattage	75W
Lumens	1500 lm
Lumens Per Watt	94 lm/W

The LED Grid Trimless Double AR70 is an adjustable downlighter with 2 Reality AR70 LED 8W Lamps & Drivers.

This product comes with a mounting ring which is designed to be fitted into the ceiling and plastered in before the light fixture is put into place. The downlighter fits into the hole in the ceiling and will rest on top of the mounting bracket. Once the light is fitted there will be no trim unlike the similar Grid Range of products.

The Dimmable Reality AR70 LED 8W Lamp and driver is an LED lamp that matches a halogen lamp in terms of light source and aesthetics. This is achieved with the use of a single Cree LED chip with a reflector built around it. The result is truly warm and gives that arc of light we are all used to seeing with halogen.

The AR70 Reality Lamp is equivalent to a 75W AR70 halogen lamp and, like a halogen lamp, is dimmable.

Key Features

- Replicates halogen reflector
- LED positioned further back for anti glare
- Complies with October 2010 Part L regulations
- Fully dimmable with leading edge dimmers
- Equivalent to 75W AR70
- Fits B15D lampholder
