LEDCANDLE 143761

5W 2800K Warm White
Quicklink: Q3FB7

The **LED Candle SBC 5W** is designed as a direct retrofit replacement for halogen BC lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.
