LEDG4 3W 2700K

3W (=25W) 2700K Warm White

Quicklink: Q40B6

The LED G4 is designed as a direct retrofit replacement for halogen G4 lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents (25W) but is up to 88% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.

General

Cap	G4
Colour	White
Construction	Plastic
Dimmable	No

Dimmable	No
----------	----

Dimensions

Diameter	19mm
Length	51mm

Electrical

Amperage	200mA
Energy Efficiency Rating	A+
Maximum Wattage	3W
Voltage	12V

Light Characteristics

Colour Temperature	2700K Warm White
Halogen Equivalent Wattage	25W
Lumens	250 lm
Lumens Per Watt	83 lm/W
