## 711621 AMBER

1W 2700K Warm White  
Quicklink: Q40E8

The **LED Amber Candle E14 1W GS1** is designed as a direct retrofit replacement for halogen E14 lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.

### General

Cap SES / E14  
Construction Glass / Metal  
Dimmable No

Dimmable No

### Dimensions

Diameter 22mm  
Length 89mm

### Electrical

Amperage 10mA  
Energy Efficiency Rating A++  
Maximum Wattage 1W  
Voltage 240V

### Light Characteristics

Beam Angle 360°  
Colour Rendering Index 80  
Colour Temperature 2700K Warm White  
Lumens 80 lm  
Lumens Per Watt 80 lm/W
