Voltage 240V

Hear the doorbell ring in multiple places within your home with the Byron DBY-22324 Wireless Doorbell set. The plug-in doorbell and the battery operated wireless doorbell can be placed everywhere around the house. This way you can hear the doorbell ring in multiple places in your home, like the attic or garage. The doorbell set consists of two quality doorbells for inside and a weather-resistant bell push for outside. The doorbells give a sound signal and a visual signal, so you will always know when someone is at your door.

Wireless reach up to 150 meter The bell push works on the included CR2032 battery and can be installed at every door. The two doorbells can be placed everywhere around the house. The set contains a plug-in doorbell, which fits in every socket and a portable doorbell. Thanks to the range of 150 metres you can place one doorbell in the attic and take the portable doorbell with you to the garden. This way you will never miss a single visitor.

16 melodies and 5 sound levels

Select the desired melody from the 16 options via the bell push and use to set the 85 dB volume to 5 sound levels 0%, 25%, 50%, 75% of 100% as desired. This way the doorbell can be adjusted to all your preferences.

Easy installation Use the enclosed double-sided tape to attach the watertight bell push. The doorbells can be placed anywhere in the house. Installing the bell push and doorbell is quick and easy in just a few seconds.

Tip! This doorbell is easy to expand. Do you also want to place a door push at your backdoor, so you're your visitors can ring the bell there as well? That's possible. The Byron BDY bell pushes can be connected to any doorbell. Different melodies can be selected on the inside of the bell push, so you know when someone rings at the front door or when the back door bell rings. In addition, you can also purchase an additional doorbell at home, which works on all connected door pushes. Handy for the upper floor for example.

What's in the box: Bell push, plug-in doorbell, double-sided tape, 1x CR2032 battery, manual
