Quicklink: Q41FF

General

Colour	White
Construction	Aluminium
IP Rating	IP65
Weight	600g

Dimensions

Arm Diameter	20mm
Arm Length	500mm
Base Length	85mm
Cable Length	470mm
Depth	85mm
Height	135mm
Width	114mm

Electrical

LED Voltage	36V
Maximum Wattage	10W
Voltage	36V

Light Characteristics

Beam Angle	120°
------------	------

The **LED Sign RGB Light** is ideal for lighting signs, gardens and sides of buildings. The arm allows this fitting to be fitted on either a wall or can be used as a floor stand. The LED floodlight is colour change and easily controlled with the remote included. The Flood can be set to different colours or cycles with effects, including; strobe, flash, fade or smooth. The flood also has a memory.

The LED floodlight gives a bright vibrant light and is more energy efficient than equivalent halogen floodlights. Its robust aluminium casing and IP65 rating make this fitting weather proof and durable.
