Dimmable	Yes
IP Rating	IP00

Dimensions

Head Length	96mm
Head Width	64mm

Electrical

Maximum Wattage	70W (2 x 35W)
Voltage	240V

The **Short Tube Range** lights are 240V spotlights used to highlight certain focal points.

The fittings can be positioned either on the ceiling or wall with the screw in base, and the head of the fixture can be removed to allow for easy replacement of halogen or LED lamps.

Please note: The Short Tube Spotlight range is specially designed for GU10 short length lamps.
