28W 3500K Neutral White
Quicklink: Q42CC

This non-integrated 2D Compact Fluorescent GR10q / 4-Pin lamp is designed for use with light fittings that contain a ballast and have the corresponding lamp socket. Its long life span and high energy efficiency make it a desirable option where a constant light source is required for long periods. This minimises maintenance making it extremely useful in a variety of retail, commercial and domestic situations. The non-directional light source produced by these lamps is ideally suited for general lighting where an even light source is desired.

General

Cap	GR10q
Construction	Glass / Plastic
Dimmable	No

Dimmable	No
