The **Kos II** is a sleek and modern surface-mounted downlight, perfect for a variety of indoor and outdoor applications. With its IP65 rating, it is protected against water and dust ingress, making it suitable for use in bathrooms, kitchens, and other damp or humid environments. It can be fitted with a maximum of 6W GU10 LED, providing a bright and energy-efficient lighting solution.

Constructed with a durable and high-quality material and finished in a sleek matt white, the Kos adds a touch of elegance to any space. It's Class 2, double insulated design ensures that it is safe and secure, while the surface-mounted design makes it easy to install and maintain.

Additionally, this product is compatible with most domestic smart light bulbs. However, it's recommended to check the bulb length against product dimensions to confirm suitability. Whether you're looking to illuminate a bathroom, kitchen, or any other space, Kos Surface Mounted Downlight allows you to easily control the lighting in your space with the convenience of smart technology.
