General

Cap	GU10
Colour	Chrome
Construction	Aluminium
Dimmable	Yes

Dimmable	Yes
LED Type	Cree

Electrical

Energy Efficiency Rating	A++
Maximum Wattage	5W
Voltage	240V

Light Characteristics

Beam Angle	45°
Colour Rendering Index	93
Colour Temperature	4000K Cool White
Halogen Equivalent Wattage	50W
Lumens	470 lm
Lumens Per Watt	94 lm/W

The Pro Reality LED Retro GU10 is an LED lamp that matches halogen light source. This is achieved with the use of a single Cree LED chip with a reflector built around it. The result gives that arc of light we are all used to seeing with halogen.

We have used an improved circuit for the LED driver for smooth, flicker free dimming. We have fully tested dimming with Lutron and various dimmer modules

The Pro Reality lamps are our most powerful LED lamps yet, but with the benefit of being energy efficient, all complying to the 2013 Part L regulations. The Lamps high lumen output make them ideal for lighting large spaces and high ceilings.

The Pro Reality ranges high CRI makes it ideal for lighting residential interiors, with its superior light bringing out all the colours, materials and textures of the home. The perfect colour spectrum of the light also makes the lamps ideal for lighting artwork and ornaments.

Key Features

- Replicates halogen reflector
- Colour Rendering Index of 93
- LED positioned further back for anti glare
- Complies with 2013 Part L regulations
- Fully dimmable with leading & trailing edge dimmers
- Equivalent to 50W GU10
- Fits GU10 lampholder
- Emergency option available

Some dimming control systems may require a Resload, see the technical download to view compatible dimmers.

Please Note: This LED lamp comes with a one year warranty as standard.
