

XITAN 9290009040

20W 150mA - 500mA
Quicklink: Q4517

The Xitanium LED Driver is designed to operate LED solutions for general lighting applications.

Features

- Adjustable output current
- Reduced ripple current and thermal derating for increased reliability
- Multiple versions - DALI dimmable & programmable
- Power ratings: 10-110 W

General

| | |
|--------------|---------|
| Construction | Plastic |
| Dimmable | Yes |
| IP Rating | IP00 |

| | |
|-----------------------|------|
| Dimmable | Yes |
| Operating Temperature | 65°C |

Dimensions

| | |
|--------|-------|
| Height | 32mm |
| Length | 148mm |
| Width | 45mm |

Electrical

| | |
|-----------------|-------------------------------|
| Amperage | 150mA, 250mA, 350mA, 500mA |
| Mains Frequency | 50/60 Hz |
| Maximum Wattage | 20W (6W, 10W, 14W, 20W) |
| Power Factor | 0.9 |
