This sleek and stylish wall light features a modern design that will complement any room in your home. **The Ravello LED Reader Wall Light** is finished in high-quality materials, with a built-in adjustable reading lamp that provides a warm 2700K colour temperature light. The light is dimmable and compatible with most standard dimmer switches.

The Ravello LED Reader wall light is a perfect addition to any reading nook, bedroom or living room. It is designed to be mounted on the wall, making it easy to install and use. A max 60W ES/E27 lamp is required, but not included. Additionally, **a shade (sold separately) can be added to complete the fitting.** Different colours and models are available in the Ravello range, allowing you to find the perfect match for your home.
