Weight	800g

Dimensions

Arm Diameter	19mm
Arm Length	128mm
Depth	121mm
Height	195mm
Horizontal Rotation	350°
Vertical Rotation	50°
Width	85mm

Electrical

Amperage	1050mA
Maximum Wattage	4W
Voltage	240V

Light Characteristics

Beam Angle	70°
Colour Temperature	3000K Warm White
Lumens	156 lm
Lumens Per Watt	39 lm/W

The **2 Nights LED Wall Light** is an eclectic light with versatile technology. Made entirely of aluminium, its name denotes double functionality and it can be fixed on a headboard or mounted on a wall. The LED source is located in a movable, turning and adjustable aluminium cylinder with a transparent polycarbonate diffuser. The top of this fitting has an opening which can contain a coloured filter or a gobo, with special patterns for water, fire or branches, projecting kaleidoscopic lighting displays on the wall.
