

LED Tape Extrusion Profile Diffusers

Mun 22 Extrusion Diffuser
2000mm Clear

DIFF MUN22 2.0M

2000mm Clear
Quicklink: Q47A7

The **Mun 22 Extrusion Diffuser** is a very elegant cover, which reveals its aesthetic value when the luminaire is turned on. Cover MUN's attractive surface structure refracts the light creating a soft blurred effect. In practice, this means reducing the effect of LED light dots while maintaining high light transmission.
