White 43W  
Quicklink: Q4933

The **Emergency Proline LED Surface Linear** is a fully enclosed high performance surface light that is intended to be used commercially. The Proline saves up to 56% energy compared to its T8 fluorescent counterparts.

The Proline has a lifespan of up to 56,000 hours.

### General

|              |         |
|--------------|---------|
| Colour       | White   |
| Construction | Plastic |
| Dimmable     | No      |
| IP Rating    | IP20    |

Operating Temperature 0°C to 25°C

### Dimensions

|        |        |
|--------|--------|
| Height | 73mm   |
| Length | 1820mm |
| Width  | 148mm  |

### Electrical

|                 |               |
|-----------------|---------------|
| Maximum Wattage | 43W (1 x 43W) |
| Voltage         | 240V          |

### Light Characteristics

|                        |                  |
|------------------------|------------------|
| Colour Rendering Index | 80               |
| Colour Temperature     | 4000K Cool White |
| Lumens                 | 4600 lm          |
| Lumens Per Watt        | 107 lm/W         |
