

# LED Golf Ball Crown Silver

LED Golfball Filament Lamp Bronze Cap SES/E14 350lm  
4W 2700K Warm White

**MR. RESISTOR**<sup>®</sup>  
Lighting Specialist Est. 1968

## CROWN BRZ 15656

4W 2700K Warm White  
Quicklink: Q49B7

### General

Cap	SES / E14
Colour	Bronze
Construction	Glass / Plastic
Dimmable	Yes

Dimmable Yes

### Dimensions

Diameter	45mm
Length	78mm

### Electrical

Energy Efficiency Rating	A+
Maximum Wattage	4W
Voltage	240V

### Light Characteristics

Beam Angle	360°
Colour Rendering Index	80
Colour Temperature	2700K Warm White
Lumens	350 lm
Lumens Per Watt	88 lm/W

The **LED Golfball Filament Lamp Bronze Cap SES/E14** is designed as a direct retrofit replacement for halogen SES/E14 lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.

V-Pro dimmers are recommended for best results - see linked products below.
