

## LEDGLS 9WES OP4

9W 4000K Cool White

Quicklink: Q4A20

**ES LED 9W** is designed as a direct replacement for halogen ES lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.
