Minimum Depth 350mm

Electrical

Amperage 13A
Voltage 240V

The **Pop-Up Socket - With Speakers** features 3 x UK plug sockets, 2 x USB power sockets and a Bluetooth speaker in an aluminium housing that neatly slots away in its fully retracted position.

The Pop-Up Socket can be easily fitted into work surfaces by cutting a 102-105mm diameter hole. A minimum of 350mm clearance is required beneath the worktop.

Once installed simply press for automatic pop up. No wiring is necessary as a 1.5m plugged cable is provided. Ideal for kitchen surfaces and home offices.

Please Note: Moulded plugs will not allow for pop up socket to be pushed into semi recessed position.
