The **Ascoli Single Wall Light** is a stylish and versatile spotlight that provides bright and focused illumination. It is designed for surface mounting, making it easy to install in a variety of spaces, including bathrooms (rated IP20, suitable for bathroom zone 3).

With its adjustable head, you can direct the light exactly where you need it, making it ideal for task lighting or accent lighting. The matt nickel finish gives the Ascoli Single a clean and modern look, making it a perfect choice for contemporary interiors.

The Ascoli Single uses a 50W GU10 lamp, providing a bright and energy-efficient source of light. Whether you're looking to light up a work area or highlight a specific feature in a room, the Ascoli Single is an excellent choice that provides functional and attractive lighting.
