The **Flat Plate Primed White** finish is designed to be painted to help the plate merge with the interior colour scheme.

Ideally suited to walls using flat colour or paint effects, special finishes, polishes or specialist paints. Produced with square corners, it features **trimless inserts** for exceptional product reliability.

The superior quality of the **Horizon faceplate style** has been designed to suit both traditional and contemporary interiors. Produced with square corners, it features **trimless switches** for exceptional product reliability. To ensure design uniformity throughout a project, non-standard accessories can be made to suit requirements.

CAT 6 sockets and modules are wired using the T568B standard, which specifies the pinout order for the eight wires(The orange wires connect to pins 1 and 2, and the green wires connect to pins 3 and 6.) to ensure proper connectivity and performance.
