The **Bayville Single Spot** is a versatile and adjustable surface-mounted spotlight that is perfect for both indoor and outdoor use. With its textured white finish and integral LED light source, this spotlight provides bright and efficient lighting that is sure to meet all of your lighting needs.

The Bayville Single Spot is IP65 rated, which means that it is protected against dust and low-pressure water jets, making it suitable for use in both indoor and outdoor environments. This makes it ideal for use in a variety of settings, including gardens, patios, walkways, and even indoor spaces such as kitchens and bathrooms.

The adjustable design of the Bayville Single Spot allows you to direct the light exactly where you need it, making it a practical choice for highlighting specific areas or creating the perfect ambiance. The integral LED light source is energy-efficient and long-lasting, so you won't have to worry about replacing bulbs frequently.

Whether you're looking for a stylish and functional lighting solution for your outdoor spaces or a versatile spotlight for your indoor areas, the Bayville Single Spot is a great choice. With its textured white finish and adjustable design, this spotlight will provide you with bright and efficient lighting for years to come.
